

It is important that LPFM stations are not granted priority over current FM translator service. Current radio stations like K-LOVE would be greatly affected.

K-LOVE provides a great service to me as a resident of Mason, Ohio, as well as to the entire greater Cincinnati area. K-LOVE supports wholesome family values and has a positive and encouraging impact in the Cincinnati community.

Allowing an LPFM provider to displace K-LOVE would have a negative effect on the local Cincinnati community. There would no longer be a safe, family-friendly radio station to turn to while driving in the car with the kids, or while enjoying a relaxing day around the house listening to music.

I believe that the service provided by K-LOVE is in the public interest. The programming is safe for all ages at all times of the day. There is no other station in Cincinnati that plays continuous music (without commercials), geared toward the family and preserving its positive values.
